

M7.5 Sulawesi, Indonesia Earthquake Impact Analysis and Potential Needs

POTENTIAL NEEDS BRIEF

537,000

exposed to strong shaking or higher
1.5 million people are exposed to moderate shaking or higher

191,000

in urgent need of humanitarian assistance

People in need breakdown

191,000
in need

46,000
children (24%)

131,000
adults (68%)

14,000
elderly (7%)

urban population **113,000**

79,000 rural population

Breakdown of key needs

401 million
calories per day

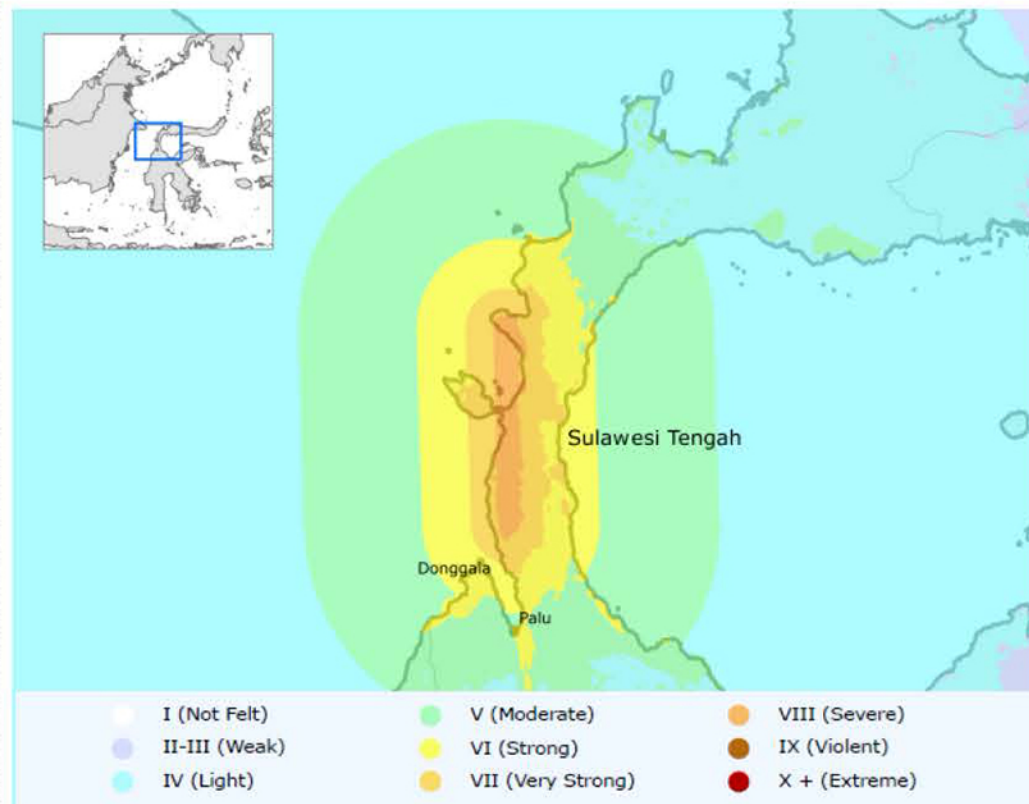

571,000
litres of water
per day

4,200
100-litre waste bins

659,000
square metres of
shelter

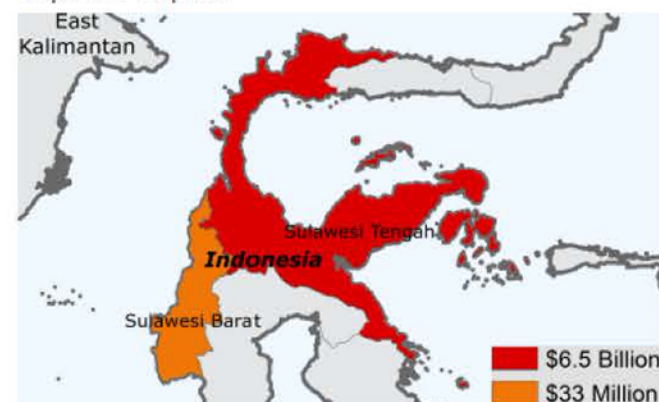

Exposed Population

Exposed Low-Income Population (<\$1,000/year)

Exposed Capital

Pacific Disaster Center (PDC) - All rights reserved. Commercial use is permitted only with explicit approval of PDC | 9/30/2018 | www.pdc.org | response@pdc.org | Data: PDC, HDX, UNOCHA, WFP

Population and capital exposure calculated using PDC's All-Hazards Impact Model (experimental) and based on areas at risk of "strong" and above. In need of humanitarian assistance based on population exposure and pre-existing vulnerability. Key needs based on The Sphere Project.
